N.A.S.C.O.N.A.
Hospitals & Institutions Committee

The H&I committee is starting to get a little traction in the path to getting back on track. Sharon P. from BLTN is compiling a list for NASCONA H&I meetings. More details to come after it is completed. It is the start of "3. Maintain a written contact list for the NASCONA H&I resources." from the list of goals. Good going, Sharon (and all the people helping her)!!!

I have been approved for the Montgomery county jail meetings but haven't been able to attend one yet. Need to coordinate with Lance V. or Ben C. on this. Also am needing the locations of the racks, if any for the stocking of P.I. pamphlets in H&I locations. Had a request for a box of Just for Todays for the Trades Center by Allen D., He is still holding a Saturday meeting out there.

Still going through the list of people that signed up to help H&I last meeting. Thank everyone that did signup and I'll be asking for help shortly. Still have a lot of work on the list of goals from the previous report. Working on it. Progress not perfection...

In Service,

Stewart W.
