

Public Relations Subcommittee Report for February 2012

Northside Area of Narcotics Anonymous

I have gathered a little information that we need in order to do some emailing. I would rather use this form of media as it is more cost effective. The emailing will be followed up by a phone call or visit to the facility. I have attached a form to this report for the information that we need on the different facilities in you town and area around your meeting.

I still haven't been able to locate a copy of the old Public Information Handbook, but I will. What I need are copies of the letters and posters for the groups as. What I have seen work in other areas are poster days where each group gets permission to put up posters around town. The group that puts up the most posters gets free pizza for one of their meetings. This works really well. By the way, this is how we get most of our membership in Narcotics Anonymous. There are still a lot of people who have never heard of Narcotics Anonymous. So let's get the word out and help save a suffering addict's life.

We are still in need of a vice chair for the Public Relations Subcommittee. This first year will be the hardest as we will be setting up emailing lists and putting together the letters to be emailed to the different facilities. After this it will be a very easy task of keeping the information flowing about Narcotics Anonymous in our communities. After the list is complete I will meet with the HASCONA PR Chair to make sure we are not duplicating any services. Attached to this report is a contact list for each group. These are the types of facilities that we need to be targeting. Please get this information back to me as soon as possible. If you have any questions you can contact me by phone or email.

ILS,

Bob T.
