

## Web Servant Report April 6, 2012

Our website is doing great as usual. My intention is to still do a table of content for our website. However, it must be really simple and easy to navigate or I will not add it. Our website is huge and has a lot of good information on it. I am currently looking at another web editor by corel that is new. If it is a good program I may switch to it instead of WordPress. If I do I will leave 1 license open so that someone can use it in case something happens to me.

As you can see from my last report we are starting to move up in the search engine rankings. We should keep this upward trend.

Search Engine Rankings as of 5/5/12
