

Web Servant Report January 27, 2013 NASCONA

Well we finally got into the world rankings in the search engines. As I stated in one of my past written reports it takes time to get in the world rankings. We are still getting a lot of hits on our website which is a good thing. This simply means people are finding what they are looking for, not to mention our site looks really good.

Our website is finished and is done in WordPress. I used WordPress because it is very easy to learn and use. Our newsletter (North Side News) will take a few months to catch on and I have cut it down to 4 pages. We still need articles, poems, or cartoons for the Northside News. Email them to me. Your name will not be listed as the author unless you request me to do so.

Now finally I want to say this. If anyone wants to take over the website let me know. I am not resigning.
