

NASCONA Web Servant Report May 2014

Our website is doing well. We are still getting traffic to our website. Our web rankings are still good as we are either on the second or third page under Texas Narcotics Anonymous in the search engines. I have been out of town for two weeks and forgot to take my lap top so I didn't do any work on our website. I am in the process of adding and updating all of the links at this time.

In Selfless Service,
Bob T.
