

Web Servant Report NASCONA – March 2, 2014

As usual our website is doing well and we still get a lot of traffic. I received 2 emails this month and forwarded one. The other email was a company wanting us to sell their products. I did make a mistake one an email that I forwarded to everyone. I did realize that google had invaded my computer and I thought that we were place number 2 in the rankings. We weren't.

I did get a couple of reports this month from Activities and P R and they are on the website.

ILS,

Bob T.
