

Web Servant Report October 5, 2014

The website is doing well as usual and our rankings in the search engines are the same (good). To be honest I really haven't done much with the website this month. My mom is in hospice and my dad has gotten worst. So my time has been consumed with care giving and various brush fires. Not to mention I have pneumonia and a few health problems of my own. When mom gets over MRSA I will be bring her home which will free up some time and make all of our lives easier here.

When this happens you will start seeing me in meetings again.

ILS,

Bob T.
