

Webservant Report NASCONA February 9, 2014

As usual our web site is doing great and we are still getting a lot of traffic. I received 3 emails this month and all were answered or forwarded within an hour after I received them.

Our search engine rankings are still very good in the major search engines. This is really all I have to report at this time. My mom is still in the hospital, she is out of ICU now and starting to recover. She will be home this month I hope and my life will start becoming normal again.

In Selfless Service,

Bob T.
