

Web Servant Report NASCONA for August 2015

I am still at Canyon Lake. Hope to be home soon. Our website as usual is doing really good. I did get a recovering addict from Conroe who offered to help with our website.

Web servant is one of those service positions that seems to be for life. Our website is built and only needs to be updated at times. However, it is hard to do updates when you don't know what they are.

I will continue to do the website as long as I am needed. My intention is to be moved back to the San Antonio area as soon as possible.

ILS,
Bob T.
