

## **Web Servant Report NASCONA March 26, 2015**

Our web site is doing great and we are still getting a lot of traffic. To my knowledge our site is up to date and there are no dead links. To date we have had 235,652 hits on our website sense it was put on line. This is good traffic for our web site.

Our rankings in the various search engines are good and we are getting emails from addicts seeking help. This week I have forwarded two emails that I have received. My hope is that I am not the only recovering addict that is responding to these addicts. Years ago we had 12<sup>th</sup> step subcommittees who answered these calls that we received on our phone lines and were passed to the 12<sup>th</sup> step subcommittees or 12<sup>th</sup> step lists. I miss those days.

In case some of you correspond with some of these addicts seeking help let me give you a simple set of guidelines we followed and that still should be followed. You never go alone and you do not go to some ones home. Men help men and women help women. A restaurant is a good public place to meet. Really a meeting and coffee after the meeting is even better. Remember that no addict seeking recovery need ever die from the horrors of addiction.

I am still trying to get the meeting map to work on our site and will continue until it is working.

Now we need to address my health issues. I am not doing too well at present. I will not be able to attend this ASC or to be totally honest the April ASC. I am doing treatments at present and will start a 3 month program in 2 weeks that should take away a lot of my medical problems. The program has a 98% cure rate and is located in San Antonio, so I will be running back and forth.

I can continue with our web site for as long as I need to as I spend most of my time sitting at my computer anyway.

I noticed a new group on the last set of minutes (Bonnie's House). If this meeting is to be listed on the website I need all of the group's information.

When your meeting changes times, days, or addresses please email me the change so it can be corrected on our website. The last thing we want to do is send someone to a meeting that isn't at that location.

I do want to add this. Two of our areas groups as well as our area had the graphics for their web page listed on the images on the first page of the Google search engine which is very good. Congratulations Better Late Than Never and New Attitudes. Any group that wants to put a graphic on their web page just needs to email me their graphic.

In Selfless Service,

Bob T.
