

Webservant Report NASCONA February 1, 2015

Our web site is doing great and we are still getting a lot of traffic. To my knowledge our site is up to date and there are no dead links.

I do have a request to all of the Northside groups. When you change meeting days, times, or places email me the change so I can change the information on the website. To search the meeting schedules for changes would take about an hour if I were to do that. By the way, I have never had to do that and I will not start now.

Now I have a question for the groups. When was the last time your group updated your group's information with NAWWS? A lot of addicts looking for NA meetings look on na.org. This can be done on line. You will find the links on our website on the Groups page to update your groups or the ASC info.
