

Web Servant Report – NASCONA – July 10, 2016

Our website is doing good and is updated when I receive the updates. I have enjoyed being your web servant for the past few years and regret that I am no longer healthy enough to continue. I did get an inquiry about taking over the website. This is good as my health is really going downhill. My intention is to get better and get on with my life and recovery.

In Selfless Service,

Bob T.
