

## Co-Facilitator/ADHOC Report

Good afternoon family.

### ADHOC Report

Don and I met to review the policy amendments Scott sent out last month.

We were able to work through the sheet, in its entirety.

I reviewed our Guide To Local Service because we had questions about what each position entailed. I didn't feel like it shed any light on how it applies to The Northside Policy. None the less, I would like to meet one more time to gather more views on the subject. There was also a question about Article IV Section B Item 2, after reviewing The 12 Concepts For Local Service, I feel like I understand. Like I stated above, I feel like one more ADHOC would be beneficial for discovery and clear understanding. We will try to set a date for that ADHOC at The ASC today.

### Co-Facilitator Report

I was able to get out to Tomball New Attitudes Group this past month.

I attended a Tuesday 6:30pm meeting. I love my home group but it's always refreshing to get out and hear an old message from new people. A personal goal is to be able to get to other groups in The Northside Area, with the understanding that my nights are limited due to the gifts of recovery; a wife in the program, kids, job, etc.

Thanks for allowing me to be of service,

Braden A.
