

## Activities report

December 1, 2019

I still have not had a chance to call and get the sites paid for for fellowship by the lake. I will try to take care of that this week.

I also have some of the scheduling stuff put together for fellowship by the lake the speaker said he could be there for Saturday it's Richard T from Corpus Christi

The only other activities that I know of for this area is the rip group Christmas party on 1212. And Woodna has a White elephant but I do not know the date

Thank y'all for allowing me to be activity chair looking forward to the new change in position
