

RCM 2 Report

The next RSC is May 9th and has been confirmed that it will be a virtual format.

Unfortunately, I have a work commitment that will only be postponed in the event of inclement weather.

I plan to relay the data gathered from the group reports to relay to our region the following items.

1. How many groups in our Area have transitioned to online meetings since the COVID-19 outbreak?
2. What measures have been taken to have such groups remain fully self-supporting?
3. How many groups might not be meeting at all that could benefit by hosting virtually?
4. Which groups are not meeting regularly by the posted online schedule?
5. Have groups not currently holding meetings engaged with the Helpline to redirect newcomers?
6. How are we communicating to the newcomer as an Area with such changes?

I am grateful to be a part of this Area and would prefer to attend the Region as this is the commitment to the service body.

I will keep an eye out on the weather but if an RCM 1 is available or the Facilitator would like to represent this quarter this would ensure we maintain continuity of the information shared.

I would like to know how this we plan to continue with meetings via virtual platforms.

On a related note, NAWS has created a page of resources to help in your efforts to find and serve at NA meetings in the time of Coronavirus. Check it out: www.na.org/virtual

I will be in attendance today and I look forward to seeing you all there.
